

SEC Chairman Denies Favors for Goldfine

WASHINGTON (AP) — Securities and Exchange Commission Chairman Edward N. Gadsby today denied today that the SEC favored Bernard Goldfine, Sherman Adams' Boston industrialist friend, after getting a White House call in 1956.

"To put it bluntly," Gadsby told House investigators, "the commission could hardly have done more if Mr. Adams were Mr. Goldfine's worst enemy."

"I had thought that the era of trial by innuendo and inference had been disowned sometime ago. I dislike to see any members of persons connected with the Congress participate in a baseless attack reflecting on this agency's probity."

Gadsby's testimony prepared for the House subcommittee checking Goldfine's relations with federal regulatory agencies marked the opening of another phase of the inquiry, this time dealing with the SEC.

Previously the group had inquired into Federal Trade Commission affairs involving Goldfine.

WASHINGTON (AP) — Securities and Exchange Commission officials were pressed today to explain why SEC took legal action forcing a Bernard Goldfine firm to file reports only after a minority stockholder accused Goldfine of misapplying money.

Goldfine, Boston industrialist, is a friend and benefactor of presidential assistant Sherman Adams, who had another White House aide inquire in 1956 about the status of the SEC case involving Goldfine's East Boston Co.

A special House investigating subcommittee was given testimony that the East Boston Co. stopped in 1948 filing annual reports required by SEC, but that until 1954 SEC did not move to write letters and use similar in-

VANISHES — Sister Cajetan of the Resurrection Nursery in Chicago, vanished mysteriously 10 days ago while travelling through Communist Czechoslovakia to Poland. A nun in Roman Catholic Resurrection order, for 58 years, Sister Cajetan was en route to Czestochowa, in her native Poland, to set up an orphanage for retarded children. She is an American citizen.

Highway Jobs to Total \$3.2 Million

LITTLE ROCK (AP) — The Arkansas Highway Commission expects to be able to advertise for bids on \$3,250,000 worth of road construction today by overcoming rights of way obstacles that for awhile threatened cancellation of the work.

Highway Director Herbert Eldridge said last night that he believed bids would be ready to advertise for the July 9 letting. Today is the deadline for making the advertisements.

Involved are five projects. Their cancellation would mean a loss to the state of about \$2,750,000 in federal matching funds.

The Highway Department was scheduled to award contracts on the construction jobs at its June 11 letting. But they had to be crossed off the list because certain individuals had placed fences, service stations, and other impediments in the rights of way and refused to move them.

However, Eldridge said: "According to information that has come to me, I believe every one of the difficulties will be solved."

He gave no details of how the dilemma was straightened out but said he probably would make a statement today.

Three of the projects are in ready-to-go status. The rights of way on the projects, if the federal matching money is to be obtained, the Department must get construction started by Dec. 1, 1958.

Three of the projects are in Pulaski County, one is on U. S. Highway 79 in east Arkansas, and one on U. S. 63 in the northeast part of the state.

The U. S. 79 job calls for resurfacing the road in three areas at an estimated cost of \$1,703,200. The U. S. 63 project concerns resurfacing of the highway between Hoxie and the Missouri line at a cost of \$1,028,000.

A total of \$518,800 would be expended for the Pulaski County projects which involve widening and strengthening highways at several points.

No Objections to Nude at Fair

WASHINGTON (AP) — An investigation told President Eisenhower today he found nothing objectionable about an etching of a semi-nude woman displayed in the American exhibit at the Brussels World's Fair.

George V. Allen, chief of the United States Information Agency, also said he got a favorable report on the exhibit from a general. He gave the President a report after studying criticism of some features of the U.S. exhibit.

About the time Allen was reporting, inquiry in art circles turned up the fact that the etching is a reproduction of a work that has been around since the 16th century, and has been getting into history books.

Allen just back from Brussels said he recommended some changes to broaden the American display changes intended to give a more complete picture of the U.S. scene.

Asked whether he recommended removal of the etching, Allen replied at a news conference:

"I did not."

Integration Case Goes to Appellate Court

By ED MARTIN

LITTLE ROCK (AP) — Another skirmish over integration at Central High School loomed on the legal horizon today.

A motion to stay U. S. District Judge Harry J. Lemley's order which suspended integration here for two and one-half years was sent yesterday to an appellate court.

Wiley Branton, Pine Bluff, Ark., attorney for the National Assn. for the Advancement of Colored People, mailed the motion to the U. S. Eighth Circuit Court of Appeals at St. Louis.

He acted shortly after Lemley refused to stay the integration suspension ruling pending an appeal from it.

Action on the stay motion could be taken by the St. Louis court within a few days.

If the appellate court also turns down Branton's motion, the Negro attorney could make his final move and seek a stay in the U. S. Supreme Court.

Three high court adjourns soon for the summer. But Branton said a single justice could act in the matter.

Should the course of events follow that pattern, the immediate question of whether seven Negro pupils return to Central High in September would be settled one way or another.

However, these motions for a stay of Lemley's order are separate from the basic appeal.

Branton filed a notice of appeal here Saturday several hours after Lemley's suspension ruling was announced. The appeal itself must be filed in the St. Louis court.

"It was considered unlikely that the Circuit Court would hear the appeal before the fall term. Like the Supreme Court, it will soon adjourn for the summer."

Lemley said at the hearing on the stay motion yesterday that if he granted it, his order allowing postponement of integration until early '61 would be affected adversely.

Months would be needed to carry an appeal through the courts, he said. "And in the meantime the situation at Central High School, which we have found to be intolerable from an educational standpoint, would continue from the beginning of the approaching session to the final ruling of the Supreme Court on the merits of the case."

The judge added that he did not think a stay would be in the public interest of either Negroes or white students.

Branton said after mailing his stay motion to St. Louis that the Little Rock School Board would have five days after getting a copy of it in which to file a response.

Asks \$50,000 Damages for False Arrest

LITTLE ROCK (AP) — A Rison businessman filed suit in Pulaski Circuit Court yesterday, asking \$50,000 damages for what he claims was a false arrest by a state trooper.

O. O. Studdard, operator of a cash packing plant, said in the petition that Olen Andrews of Fordyce arrested him Feb. 29 near Fordyce for failure to have a rear light on his truck.

The suit said Andrews walked Studdard at gunpoint to the rear of the truck and then told him he was taking him to jail on a drunk driving charge.

Studdard said he spent the night in jail and that when he went to get his truck at a local garage he found \$600 missing from his glove compartment. The truck had been left on the highway at the time of the arrest, the suit said.

Studdard said he later was acquitted by a jury of the drunk driving charge. He said a physical handicap caused him to get out of the truck unsteadily and could have been the reason Andrews arrested him.

The suit charged Andrews was negligent in failing to safeguard Studdard's money.

Leaf Spots Found on Melons, Cucumbers

Leaf spot diseases have appeared in a few watermelon and cucumber fields in widely scattered areas of Hempstead County, reports County Agent Oliver Adams.

Adams' report should be applied as soon as the first symptoms of the disease appear in a field. All parts of the vines should be covered with a thin film of the fungicide, Molsi. Humid weather favors the development of leaf spot diseases. The County Agent says that a specimen of diseased plants should be brought to the Extension office so that definite recommendations may be made at once.

John P. Vesey, 65, Dies Today at Shreveport

John Powers Vesey, aged 65, prominent Hope attorney, died early Tuesday in a Shreveport, La. hospital. He had been ill for some time.

A native of Kaufmann, Texas, Mr. Vesey had lived here for 50 years. He served as mayor of Hope two terms and served in the state legislature. He was a member of the Methodist Board of Stewards, a teacher of the Century Bible Class, a Mason and a veteran of World War I. He was a graduate of the University of Texas and received his law degree from Columbia Law School of Lebanon, Tenn.

Survivors include his wife, Mrs. Josephine Davidson Vesey, two nieces, Mrs. H. W. Goewald of Manila, Philippines and Mrs. Kenny West of Honolulu, T. H.

Funeral services will be held at 9:30 a. m. Thursday at the First Methodist Church by the Rev. Robert Moore, burial by Oakcrest Funeral Home will be in Rose Hill Cemetery of Arkadelphia.

Active pallbearers: Albert Graves, Jack Gray, Syd McMath, Bill Roulon, E. P. Young Jr., John Halley, Brents McPherson and James H. Pilkinton.

Honorary: Century Bible Class members and the Hempstead Bar Association.

Farm Groups Ask Freight Rate Dip

WASHINGTON (AP) — Two major farm groups are working hard among members of Congress to get the House to go along with the Senate on legislation to repeal the 3 per cent tax on freight shipments.

They are the National Council of Farmer Cooperatives and the American Farm Bureau Federation.

The Senate voted late last week to drop the transportation tax in a bill to extend other excise taxes, but reports indicated that there was strong opposition to the repeal in the House, which did not vote on the transportation levy.

The issue was tossed to a House-Senate conference committee.

The farm groups contend that farmers and farm products pay heavy assessments under the freight tax. They say that by the time some agricultural raw materials reach the consumer, the tax had been added eight or ten times — that is, they have been pyramided. That's because of the many different movements before they reach the consumer.

The effect of this piling on of this tax, the farm groups say, is to reduce the producer's return. They said the tax also adds to farm costs, which already are at record-high levels. The tax is added to the price of machinery, equipment and supplies bought by the farmer.

Fireworks Blast Kills 100 Persons

SALVADOR, Brazil (AP) — Two stores of fireworks for religious celebrations exploded Monday, killing more than 100 persons and injuring some 340 others.

The government of Bahia state took steps to ban all fireworks, and fireworks had been set off on the June festival days of Saints John, Anthony and Peter.

The highest reported toll was at Santo Amaro, near Salvador. An electric power line broke and fell across a fireworks booth at a fairgrounds. The resulting fire touched off an explosion that killed about 100 persons and injured 300.

The second fireworks explosion, reportedly killing seven and injuring 40, occurred at Feira de Santana, northwest of Salvador.

Nation's Cost of Living Hits Another High in May but Rise Is Smaller

TACKLED — A New York policeman tackles a picket at the Soviet United Nations delegation headquarters after anti-Red demonstrators broke windows in the building in protest against execution of Hungarian freedom fighters Imre Nagy and Pal Maleter. Seven policemen were hurt during the demonstration.

The index has not declined in any month since August 1956.

The living cost rise means an automatic pay boost for an estimated 850,000 workers mainly in the steel, aluminum, can manufacturing and meat-packing industries.

About 750,000 workers in these industries are to get a 4 cent hourly pay increase effective July 1 under labor contract clauses governing pay rates to the government.

The remaining 100,000 workers, primarily in the aircraft industry and in the Washington and Detroit transit systems, are to get 2-cent per hour raises.

Other escalator pay raises pegged to the living cost increase range from 1 cent to 9 cents per hour.

Increases in medical care costs and transportation prices were largely responsible for the overall hike in May for the "all index."

The medical care increase was attributed primarily to higher premiums for Blue Cross hospitalization plans in several cities, including San Francisco and Kansas City. Rates for physicians' services and hospitals also were higher. Medical care costs as a whole rose seven-tenths of 1 per cent.

The increase in transportation reflected higher prices for gasoline following the end of price wars in several cities, and for used cars. Prices of new cars and tires were lower.

Hersey E. Riley, chief of the labor department's price and cost of living division, forecast continuing increases in cost of services, and said meat prices probably won't decline until fall. On this basis, he said he hesitated at forecasting whether the living cost index for June will be up or down.

The labor department said all-critica spendable earnings of factory production workers rose slightly between April and May. The rise amounted to about 35 cents per week, or one-half of 1 per cent, and was attributed to a slight increase in hours worked.

This is Texas Eastern...

12 trillion cubic feet of gas on tap for tomorrow

More than 12 trillion (12,158,200,000,000) cubic feet of natural gas—
under contract in hundreds of oil and gas fields—represents,
as of now, Texas Eastern's reserves for the future. It is a figure that
is continually being revised—upward—and for good reason.

New oil and gas fields are constantly being discovered to keep pace with ever-increasing demand for this clean, economical fuel.

Back in the company's first year, 1947, when deliveries amounted to a modest 40 billion cubic feet, reserves were estimated at 2,336 trillion cubic feet.

Today, with annual sales topping 500 billion cubic feet, reserves exceed sales by more than twenty to one.

These reserves are located in oil and gas fields in the picturesque parishes of northern and southern Louisiana, in historic East Texas... offshore in the Gulf of Mexico... in the prolific fields of South Texas... and across the border in northern Mexico.

And as new fields are found in Texas Eastern's pipeline area, gas is contracted for to meet today's needs, and tomorrow's, and those 20 years distant.

As demand has grown, Texas Eastern has widened its search for new and better natural gas sources. With what is now under contract—and what we can be certain of acquiring in the future—you can be sure that you will be able to cook with gas for a long, long time.

Largest Crowd at McCaskill Carnival

One of the largest crowds in the history of the northern Hempstead county community of McCaskill turned out last Friday night for the R. C. t. Country Carnival. The crowd, estimated by some as high as 2000, was probably between 1000 and 1200, according to Ira Mosley, general chairman for the event.

The wrestling bout between Barto Hill, retired professional wrestler who farms in Redland township, and Jack "Roughhouse" O'Brien of Dallas, Texas, was a rough affair but one which did not last very long. Barto had told local supporters he would make every effort to win during the first 30 minutes as he did not believe himself to be in good enough physical condition to win after that time against an active wrestler of O'Brien's caliber. The match ended when Hill was able to subdue his opponent with his famous Barto Hill octopus hold which is an adaptation of the leg scissors hold.

The crowd loved it and would have liked more; however, it was too much for one spectator from Nashville as he fainted midst all the excitement.

The evening's program was opened with the ducking of 10 county and district candidates. Voters were permitted to bid for the privilege of throwing baseballs at a target, which, when hit, caused the candidate to drop into a large tank of water.

The committee in charge of this feature of the program had excused the two women seeking county offices; and also the two men who are physically handicapped. This, however, did not stop Mrs. W. I. Stroud of Washington, who took her turn and was ducked by Fred Ellis, the high bidder. A few minutes later everybody was surprised when Mrs. Mary Tollett, deputy assessor, presented herself as a substitute for her boss, Assessor Garrett Willis, one of the candidates who had been excused from participating.

The crowd howled with delight each time a candidate dropped into the water. Most of the candidates added between \$2 and \$3 to the

McCaskill community center fund by being good sports and permitting the voters to have fun at their expense. One of the last candidates to be ducked was H. M. "Ole" Olsen, candidate for state senator. He had not come prepared so it took him longer to get ready. When he appeared a youngster, John Scott Andrews who had bid all of his money, one dollar, on almost all of the previous candidates, was permitted to have the bid and the pleasure of ducking Mr. Olsen with a mighty splash. The radio quiz show, staged by the staff of KXAN with Mayor George Frazier as master of ceremonies, entertained the large crowd for an hour and 40 minutes with more than 100 prizes being given to lucky participants. The prizes were given by the merchants and business firms of Hope. Frank Walters of Hope, was the top winner with four handsome prizes including the grand prize, an Emerson clock radio from Collier Tire and Appliance store. The quiz program also featured musical entertainment by Butch

formal means to try to get East Boston to comply.

Byron D. Woodside, director of the SEC division of corporation finance, said SEC's Boston office reported in 1937 that a minority stockholder had filed a suit seeking access to corporation books.

Subcommittee counsel Robert Lishman said this suit—later dismissed by the court—asserted that Goldfine had misused, created and dissipated corporation funds.

The steamer Comet visited Arkansas Post as early as 1820 but the first steam propelled boat to reach Little Rock was the Eagle, which arrived March 10, 1822.

White Sox Take Cue as Moore Beats Yanks 2-0

By THE ASSOCIATED PRESS

The Chicago White Sox finally have put Manager Al Lopez's formula for success to work. If you can't score many runs yourself, don't let the other guy score any at all.

It sounds tough, but that's just what the Sox pitching staff has been doing lately. Ray Moore loaded another shutout on the American League-leading New York Yankees Monday night with a three-hitter that gave Chicago a 2-0 victory and a share of fourth place.

Moore, another profit in that power-for-pitching trade plan put into effect by the Sox last winter, hadn't pitched a shutout in a year, but he helped boost Chicago's whitewash total to six in nine games.

The second-place Kansas City A's whipped Washington 7-2 and retained their one-game lead over the third-place Detroit Tigers, who defeated Baltimore 3-1 in the only other game scheduled.

In the National League, rookie Carlton Willey tossed a six-hit shutout as the Milwaukee Braves defeated San Francisco 7-0. St. Louis moved into a third-place tie with Cincinnati by beating Pittsburgh 7-5 while the Redlegs beat Los Angeles 6-1.

The A's counted three home runs, one Bob Cerv's 19th to tie Boston's Jackie Jensen for the AL lead. Little Murry Dickson won his fifth with a seven-hitter. He had a shutout until the seventh, then gave up home runs to Norm Zacharia and Roy Sievers. Bill Tuttle and Hector Lopez also hom-

College Teams to Play Here Tonight at 8

Hope College all-stars will play the Arkadelphia Red Sox baseball team tonight at 8 o'clock at Legion field. The local team is made up of boys who have played in college sports.

The Arkadelphia team is made up mostly of Henderson baseball players. The Reddies were the AIC champs last year.

Hope players include James Gilbert, Jerry Fant, Sonny Griffin, Wayne Johnson, Jen Jones, Larry Cox, Johnny Lingo, Dale Zinn and Winston Duke. The visitors will have Brown Hardman, David Langley, Freddie Glaze, Bob Burnside, Al Cash, Bob Johnson, Jerry and Jimmy Helms and Bruce Ingram.

George Susac, late of Boston, won his first for Detroit in his first complete game since Sept. 25, 1955, when he beat the Yankees. The lone Oriole run came in the sixth on Gus Triandos' 15th homer. Earl Harris homered off Joser Arnie Portocarrero (4-5) for a 1-0 Tiger lead in the second inning. Al Kaline's sacrifice fly made it 2-0 in the third and he then tripled and scored on a passed ball in the eighth.

Braves Bounce Giants; Cards Defeat Pirates

By THE ASSOCIATED PRESS

Your ace has lost three in a row. Your World Series hero is stumbling along with a 3-3 record. Your most consistent winner is on the disabled list and your pitching staff has come through with only one nine-inning complete game in more than three weeks. You should be dead.

Instead, the Milwaukee Braves reeled down to the minors and pulled out a plum named Carleton Willey, a big right-hander who won 21 at Wichita last season. He was the least of the dozen or so kid pitchers who crowded the spring camp. But come outdowntime and he was shipped back to Wichita.

Now, with Warren Spahn slumping, Lew Burdette at .500 for 10 decisions and Bob Buhl ailing, Willey was called back, and he came back big — pitching a six-hit shutout in his first major league start and beating second-place San Francisco 7-0 Monday night.

That bounced the Giants 2½ games behind and in danger of being overhauled by St. Louis and Cincinnati. The Cardinals tied the Redlegs for third place, a game behind San Francisco, with a 7-5 victory over Pittsburgh while Chicago was disposing of Los Angeles 6-1. Those were the only games scheduled.

In the American League, the Chicago White Sox beat New York 2-0 on Ray Moore's three-hitter. The Kansas City A's beat Washington 7-2. Detroit defeated Baltimore 3-1.

The Pirates built a 3-0 lead against the Cards, then blew it with five errors; three by Ted Kluszewski. Curt Flood had four hits for St. Louis.

Brooks Lawrence (5-3) won his fourth in a row for the Redlegs, going all the way with a six-hitter while Cincy handed Johnny Podres his sixth defeat. Singles by Gus Bell and Roy McMillan, a sacrifice by Lawrence and Johnny Temple's single scored the tie-breaking runs in a two-run fifth.

Bill Casper Wins Flint Prize Money

FLINT, Mich. (AP)—Today is Bill Casper Jr.'s 27th birthday and he has a check for \$9,000, a gleaming trophy and the title of golf's leading money winner to make it a happy one.

The beefy ex-sailor from Apple Valley, Calif., pocketed \$9,000 worth of drama and excitement in one final putt Monday. From a distance of 3½ feet he captured the \$52,000 Flint Open tournament by a single stroke.

The Vacation Bible School began at Garrett Chapel Baptist Church Monday, June 23, at 9 a. m., with the Pastor, Rev. P. R. Williams as Superintendent, assisted by Mrs. R. J. Field. Preaching each night by Rev. Russell.

Federated Club Receives Letter of Appreciation
The Anna P. Strong Club received a letter from Miss Viola Sampson expressing her appreciation for the fifty dollar (\$50.00) Scholarship Aid which was awarded her by the club at the Commencement Exercises at Yerger High School on May 30, 1958. Miss Sampson made a promise to make the club proud for having selected her.

The Negro race of this part of the state, and is owned and edited by Rev. G. Paschal with a group of 15 helpers listed in his editorial column.

This newspaper was inspired, according to those interested, to assist the colored people in exploring the news of their race in this section of Arkansas and will according to the editor, shun controversial issue, but will be on the job at all times to assist all in this section of the state.

The first issue carried a large array of advertising, as well as good reading matter on religion and other popular subjects.

Under the program set out by the management of the Echo, it can be a great asset to the people and will give them a medium of their own in which to talk to their people.

Rev. Paschal is a former pastor of Bethel A. M. E. Church, Hope, and is currently pastoring Ward Chapel A. M. E. Church, Prescott, Ark.
